

**Please Read!**

Wenatchee Kennel Club  
Training Center

**Important Rules**

1. Parking: don't block the gates for the neighboring mini-storage facility -- people come and go 24 hours a day, 7 days a week to access their storage areas. **And**, if you park near Allied Battery, park only in the gravel areas.
2. When going in or out of the building, close the door behind you – every time!
3. Don't congregate in the entrance with your dog. Not only are you blocking access, it can cause a dogfight because the dogs are tense when entering and the area is small.
4. Keep your leash short and your dog's head right next to you. Allowing your dog to lunge at or invade the personal space of other dogs is irresponsible, inconsiderate, and dangerous.
5. Clean up after your dog inside and outside. No Excuses! Bring a plastic baggie.
6. Help us keep the building clean. Brush or comb your dog before bringing it to the training center.
7. Children must be supervised at all times.
8. If your dog is sick, don't bring it to the training center that day. You may attend without your dog.
9. No smoking, no alcoholic beverages
10. As a courtesy to your fellow students, please turn off your cell phone.

**Thank You**
